Dear ENERGY STAR® Server Stakeholder:

The U.S. Environmental Protection Agency (EPA) is pleased to announce the release of the Draft 2 Version 2.0 ENERGY STAR Specification for Computer Servers. The draft is attached and accompanied by a cover letter, updated test method, and dataset. Stakeholders are encouraged to review these documents and provide written feedback via email to servers@energystar.gov by **June 6, 2012**.

As communicated to stakeholders on May 5th, EPA is planning to host a webinar to discuss the draft on May 24th, 2012. Further details on the meeting, venue, and agenda will be forwarded shortly, along with an opportunity to RSVP. If you or a colleague did not receive this draft distribution message directly and would like to receive an update on final webinar plans, please send an email to servers@energystar.gov with your full contact information.

As a reminder, materials from the Version 2.0 Server development process may be accessed on the ENERGY STAR web site at www.energystar.gov/RevisedSpecs (selecting the link for “Computer Servers”). Please contact servers@energystar.gov with questions, and thank you for your support of the ENERGY STAR program.

This message was sent to you on behalf of ENERGY STAR. Each ENERGY STAR partner organization must have at least one primary contact receiving e-mail to maintain partnership. If you are no longer working on ENERGY STAR, and wish to be removed as a contact, please update your contact status in your [MESA](#) account. If you are not a partner organization and wish to opt out of receiving e-mails, you may call the ENERGY STAR Hotline at 1-888-782-7937 and request to have your mass mail settings changed. Unsubscribing means that you will no longer receive program-wide or product-specific e-mails from ENERGY STAR.
